2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 3(c) Other: Applicant on 07/24/2009 submitted corrected drawings, however the drawings were not in compliance with 1.121 as several of the figures were too large for the page and some of the numbering was not visible. Applicant also annotated some of the drawing by crossing through them leaving 26 replacement sheets. Applicant's own arguments reflect their acknowledgement that the drawings needed to be changed to reflect the changes to the specification and remove typographical errors, etc thus leaving 26 pages of drawings. On 02/14/2013 applicant submits the entire deck of 77 original drawings with replacement sheets. The corrections needed are to the submitted drawings on 07/24/2009 not the original drawings, as those have been changed. Thus, a new set of 26 replacement drawings is needed to correct the issue for printing. As stated below, this amendment was submitted after allowance and no new time period is being given .
